

Geography Long Term Plan

	Autumn	Spring	Summer
EYFS			
Y1	What are the important places in our school and where are they?	<u>Are all UK cities the same?</u>	How does the weather change over the year?
Y2	<u>How similar are the coast and the countryside?</u>	<u>Where are hot and cold places located on our planet?</u>	How similar are Liverpool and Shanghai?
Y3	<u>What is it like in the Peak District?</u>	<u>How has land use changed in the Peak District over time?</u>	Would you rather visit London or Valencia as a tourist?
Y4	Is it possible to live near a natural disaster?	<u>Do rivers ever change along their journey (River Aire, Mersey or Trent)?</u>	Does a river flow faster in a curved part, or a straight part?
Y5	<u>Why is the Polar biome the least inhabited space on earth?</u>	<u>To what extent have humans impacted our local ecosystem?</u>	What does Poland provide for the rest of the world?
Y6	<u>Will future generations be able to enjoy the beach?</u>	What is life like in Ecuador?	What impact does climate change have on environmental regions in Ecuador?
